SOUTH RIVER RESTORATION ANNOUNCES NEW HIRES

UPPER MARLBORO, Maryland; October 22, 2013, Continuing its growth, South River Restoration, Inc. (SRR), an emergency disaster restoration company, is pleased to announce its recent hire of Eric Strickland as Sales Manager and John Durham as Controller.

"I am delighted to share the great influx of new talent at South River- all recently hired," said Bryan Agee, President and CEO at South River Restorations. "It's an impressive list of talent."

Eric joins South River Restoration as the new Sales Manager. For SRR, he will be responsible for managing SRR's sales force and creating an environment where customer service can flourish. Most recently, Eric was the consultant/director of business development for FosterThomas, Inc., where he was responsible for sales and client management for the greater mid-Atlantic region. Previously, he worked for Madison Avenue Inc. as the territory sales manager: southwest region. Eric has a combined BA in criminal justice, psychology and business development from the University of Baltimore. Currently, he rides in Severn, MD with his wife, Melissa and one year old son, Evan.

Controller John Durham

Business Development
Manager Eric Strickland

As the Controller for South River Restoration, John Durham manages all financial operations. John joins SRR with nearly 30 years of experience in accounting and construction accounting. Most recently, John was the controller at RCD Atlanta, where he was responsible for all financial operations. Prior to that, he worked for Precision Walls as a controller and Network Construction as a controller. John earned a BS in finance from University of Kentucky, a BS in accounting from University of Charleston and his MBA in finance from University of Cincinnati. John currently resides with his wife, Tammy, in Chesapeake Beach, MD.

All new hires will be a great addition to the strong company culture that already exists internally. "South River Restoration has experienced a tremendous amount of growth over the last five years," said Agee. "Lisa, Eric and John's depth of experience, leadership insight and track record of success are exactly what the company needs for its next major phase of growth."

About South River Restoration

Since South River Restoration's founding in 1998, it has grown and evolved into one of the country's most specialized disaster recovery specialists. South River Restoration is a one-stop resource for any disaster, from small floods and sewage backups to complete reconstruction due to fires, hurricanes and more. Our team guides clients through the process from start to finish. We give back what disaster took so that our customers can get back to business.
